### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

**Claim 3 is cancelled** as being drawn to a species of the invention, non-elected without traverse in the paper filed October 7, 2005. Applicant should note that the amendment to claim 1 requiring the metal weave to receive and laterally disperse at least "some" of the streams of liquid flowing from the apertures of the channel, renders claim 1 non-generic to non-elected species C, upon which claim 3 reads. Accordingly, claim 3 cannot be rejoined and allowed with claim 1.

### REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: Independent claims 1 and 17 have been amended and new independent claim 26 added, all of which recite subject matter which has long been considered allowable during prosecution of the instant application (since at least the mailing of the non-final rejection on June 1, 2006).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 1797

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **CONCLUSION**
